RE: City of Eagle Public Hearing

Application #: CU-02-12

Site Address: 650 East Ranch Drive

Project Name: Skyway Towers' CU-02-12 Personal Wireless Facility

Dear Neighbor:

AT&T and Skyway Towers ("Skyway"), in an effort to improve wireless broadband data and voice services to your neighborhood, are proposing a Personal Wireless Tower Facility to be located on the 10.2-acre North Eagle Hills Elementary School property, generally on the north side of East Ranch Drive approximately 40 feet east of North Stierman Way at 650 East Ranch Drive.

Skyway and AT&T have hosted two neighborhood meetings and filed our application (referenced above) with the City of Eagle. The City has scheduled our first public hearing for August 5th at 6PM.

Skyway and AT&T are asking for your attendance and support in our effort to improve the current wireless service in your neighborhood. We have heard from wireless users that service is poor and deteriorating in this residential area. Deteriorating service is caused by the increased demand and usage by residents of not only traditional voice services, but primarily the growing use of wireless data services that provide monitoring/ security, education, health and internet research services. Deteriorating service has been especially pronounced during peak traffic hours along State Street where the bulk of the infrastructure currently exists. Not only will this site have an immediate positive impact on those users directly surrounding the site, but it will also add to City of Eagle's vital broadband wireless telecommunications infrastructure which is vital to the health and safety of the community. Too often only negative feedback is heard by community decision makers, so we would appreciate your personal support at the August 5th meeting. If you cannot attend in person, please send written correspondence to:

City of Eagle Planning and Zoning Commission, PO Box 1520, Eagle, ID 83616

Sincerely,
Skyway Towers, LLC
